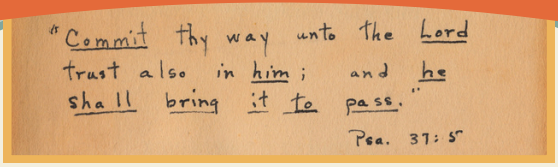
Family Mission Statement



Creating a family mission statement is a simple way to talk about the kind of family you want to be. It doesn't have to sound fancy or formal. Choose the words that best describe the kind of family you want to become, make it your own, and don't be afraid to make it fun!

Samples

Simple & Foundational
Our family seeks to know God, love one another, serve others, and follow Jesus wherever He leads us.

Wonder-Focused
We will slow down, look for God's goodness, wonder at His creation, treasure His Word, and celebrate the life He has given us.

Christ-Centered
Christ is at the center of our family. We will love God, love one another, serve others, and share the good news of Jesus.

Adventure-Oriented
We are a family that follows Jesus, seeks adventure, asks questions, discovers God's wonders, and loves others along the way.

How We Want to Live
We will be a family who loves God deeply, loves people well, works hard, serves joyfully, speaks kindly, and looks for opportunities to do good.

Short & Child-Friendly
Love God. Love people. Choose joy. Serve others. Look for wonder. Follow Jesus.

Scripture-Inspired
As for me and my house, we will serve the Lord. We choose faith over fear, forgiveness over anger, and love over selfishness.
